

CONTROL AND COVER SHEET FOR TOP SECRET DOCUMENT

ATTENTION: This form will be placed on top of and attached to each Top Secret document received by the Central Intelligence Agency or classified Top Secret within the CIA and will remain attached to the document until such time as it is downgraded, destroyed, or transmitted outside of CIA. Access to Top Secret matter is limited to Top Secret Control personnel and those individuals whose official duties relate to the matter. Top Secret Control Officers who receive and/or release the attached Top Secret material will sign this form and indicate period of custody in the left-hand columns provided. Each individual who sees the Top Secret document will sign and indicate the date of handling in the right-hand columns.

NOTICE OF DETACHMENT: When this form is detached from Top Secret material it shall be completed in the appropriate spaces below and transmitted to Central Top Secret Control for record.

MEMORANDUM FOR: Richard D. DeLauer
Chairman, Intelligence Research and
Development Council

FROM:
Executive Secretary

25X1

SUBJECT: Electro-Optical Coordinating Group (EOCG)

Sub -

Attached for your information please find a memo from Jim Williams which gives strong support for our expanded roles and missions of the EOCG. I believe the important point that Tony Tether and I have been urging, is that DIA now commits itself to providing the resources to do the job, and that these resources will come from within the DIA resource allocations level.

MEMORANDUM FOR THE CHAIRMAN, INTELLIGENCE RESEARCH AND DEVELOPMENT
COUNCIL (IRDC)

SUBJECT: Electro-Optical Coordinating Group (EOCG)

Reference: IRDC Memorandum TS-81-0829, dated 8 September 1981, Subject:
Continuation of the EOCG.

DIA has reviewed the tasks in your memorandum and fully supports both continuation of the EOCG and the expanded charter. This initiative will foster a more effective overall DoD intelligence collection management program and will benefit the entire Intelligence Community by providing a strong focal point for electro-optical collection and research and development. DIA plans to continue to devote the necessary manpower to carry out this effort. While DIA has not been provided funds for this effort, once Congress passes the Appropriation Act, the Agency will review its programs for FY82 to identify possible sources of funding.

A handwritten signature in cursive script, reading "James A. Williams", is positioned above the typed name and title.
